

Product line

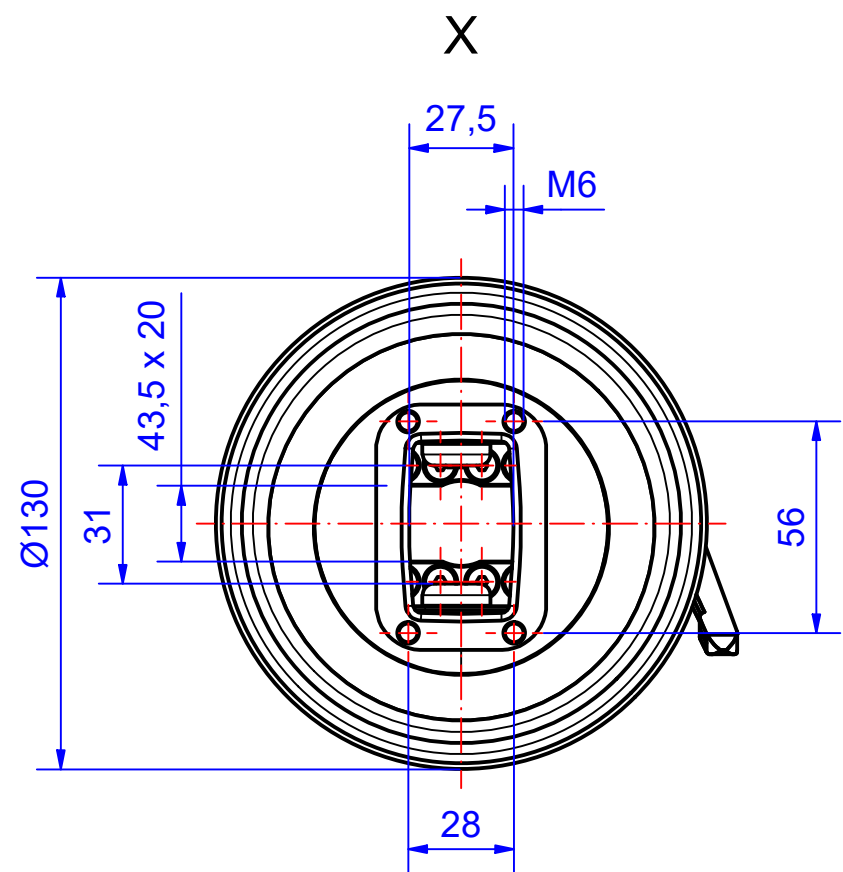

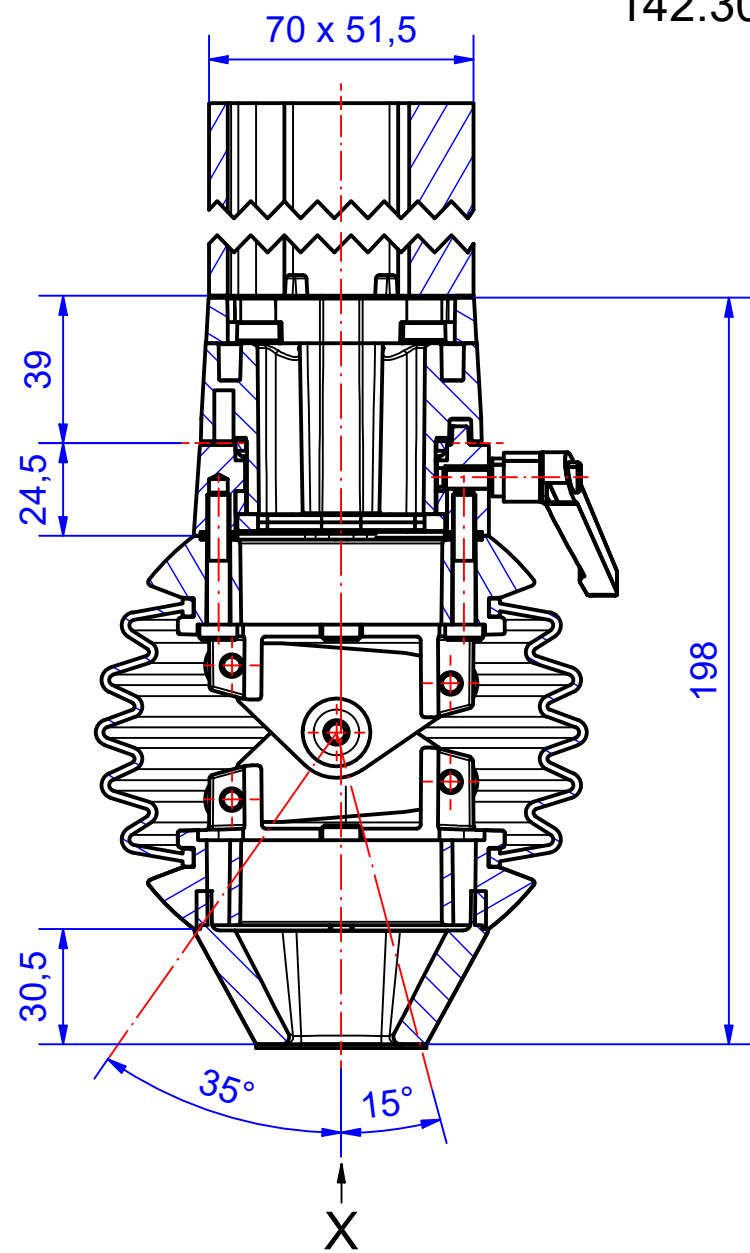

Type:

Part-No.:

profiPLUS 50

Panel coupling A, 500 mm

142.30\*.\*\*\*  
142.300.250 (l= 250mm)  
**142.300.500 (l= 500mm)**  
142.300.750 (l= 750mm)  
142.301.000 (l=1000mm)

|                            |                     |  |                 |                         |
|----------------------------|---------------------|--|-----------------|-------------------------|
| Suspension system material | GD-Al Si 12         |  | Pivoting range  | 310°                    |
| Profile material           | Extruded aluminium  |  | Weight (g)      | 3.620                   |
| Gasket                     | 3x Chloroprene (CR) |  | Surface         | Powder coating RAL 7035 |
| Mounting screws            | M6 (4x)             |  | Surface profile | Silver anodized         |
| Ingress protection         | IP54 EN 60529       |  |                 |                         |
